

Sign Workshop

Presented by the City of Salina

Thursday, October 4, 2007

Check-In: 3:00 p.m.-3:30 p.m.
Class Time: 3:30p.m.-5:30 p.m.
Location: City-County Building, 300 W. Ash, Room 107
Cost: \$25.00 per person

Topics of discussion will include:

- Sign Code Review
- Sign Permit Submittal Requirements
- Electrical work & inspections for signage
- The IBC (Building Code) and engineering for signs
- New technology in signage
- Discussion/Questions

2 hours of continuing education is approved for contractors licensed in the City of Salina

Whether you are a sign installer or a general contractor, this class should be beneficial to you. For a sign installer it is a chance to at least have a refresher course; maybe you'll learn something new. For the general contractor, this class will enhance your abilities to manage new commercial development. Signage is part of that "big picture".

We Hope You Will Be Able to Join Us!
